Summary

Fullstack web developer leveraging a customer service background to build a more intuitive user experience on the web. Recently earned a certificate in full stack development from the Michigan State Fullstack Coding Bootcamp, with newly developed skills in JavaScript, CSS, React.js, and responsive web design. Known as an innovative problem solver passionate about developing apps. I'm excited to leverage my skills as part of a fast-paced, quality-driven team to build better experiences on the web.

Education

MSU Coding Bootcamp, Fullstack Web Development

May 2022 - Nov 2022

Immersive training program with an emphasis on Fullstack Web Development

Experience

Target, Eureka, CA - Closing Team Lead

9/2017 - Current

- Manage and organize all departments to follow store sales strategy to drive store profitability
- Train and lead a team of 25 employees across all departments to ensure every department follows store procedure to ensure customer satisfaction
- District Team Leader of the Year award and Team Member of the Month award

International Brotherhood of Electrical Workers Local 595 - Inside Wireman Apprentice 2012 to 2017

Projects

About Your Birthday (School Project)

<https://joncerruti.github.io/About-Your-Birthday/>

- An interactive front end application that allows users to input a date to learn fun facts about that day in history.
- My four person team tasked me with all API calls and rendering data to the website.

Touchdown Daily

<https://morning-savannah-61110.herokuapp.com/>

- Collaborated with a four person team in a remote environment to produce an easy to use NFL news website.
- Built a modern UI for desktop and mobile layouts with the use of Javascript, Handlebars, and Tailwind CSS.

A Simple Block Builder

https://github.com/jaronhadley/react_minecraft

- Collaborated with a team of 3 to build a simple Minecraft like block building game with a MERN Stack..
- Users can login to the application through authentication built with JWT, and revisit previous worlds they built or create new worlds.
